TITLE: REPAIR AND OVERHAUL CAPABILITY LIST

FOREWORD AND SCOPE

This Company Standard lists the Repair and Overhaul Capabilities of the HS Marston Aerospace Limited.

This procedure is to be read in conjunction with:- ME898 EASA/FAA145 Maintenance Organisation Exposition.

Note : All Amendments to this Capability List shall require Approval by the CAA if the amendment involves the introduction of new, unique or novel technologies, or any addition other than 'C' Ratings, shown on the applicable Form 3 and components detailed within the MOE Component Maintenance Scope of Work.

As a Company Standard this document will not normally be divulged to outside authorities, but where this requirement does occur, it must be carried out on an official basis and with the permission of the Head of Quality.

1 INTRODUCTION

HS Marston Aerospace Limited has the capability to Repair and Overhaul equipment listed in this document.

The scope of repairs and the procedure for their accomplishment are described in the Component Maintenance Manuals (CMM) or Approved Repair Schemes issued by the original manufacturers.

A Traveller Card and Shop Order Operation Notes are written for each item of equipment and references are made to the CMM and/or Approved Repair Scheme for the repair procedures.

When goods are released to the Customer, the CMM number and/or Approved Repair Scheme number and issue are referenced on the release documentation.

Any `additions` or `deletions` of part numbers to this capability list shall be by completion of Form HSM/Q067 only. Submittal of this form to the CAA for approval is required for any change both Major and Minor
